

Myself and many of my friends listen to and rely on the music and programming of K-LOVE daily. Several of us are blessed to have the spiritual in-put during our commute to and from work. I also participate in several of the opportunities to minister with financial gifts for causes that benefit needy children or families, which I might not otherwise hear about without K-LOVE. In addition, there have been events we have chosen to attend which we only heard advertised on K-LOVE. I have enjoyed K-LOVE for several years and would greatly miss the spritiual support I receive if it were not avaiable on my radio.
